

Bahrain Solar Power Inverter

Overview

Is Bahrain transitioning to solar energy projects?

After the establishment of the Sustainable Energy Unit (SEU) in Bahrain in 2014, a radical transition toward launching solar energy projects can clearly be observed. The SEU was established in collaboration between the national government and the United Nations Development Program (UNDP).

Why are there no barriers to solar PV installation in Bahrain?

None of the participants mentioned any reported barriers to installation of solar PV in Bahrain. This is likely because solar panel installation is relatively new in Bahrain and the participants were not clear on the specifics involved. Effective dissemination of information is necessary, as explained later.
