

How many photovoltaic panel manufacturers are there in South Africa

Overview

This article delves into the core of South Africa's solar panel industry, presenting the three largest solar panel suppliers center, the top 12 manufacturers, and the essential certifications in the South African market. Who makes solar panels in South Africa?

Jinko Solar, a globally renowned solar panel manufacturer, has a strong presence in South Africa. As one of the key solar panel manufacturers in South Africa, Jinko Solar offers a wide range of solar panels that cater to various applications, from residential to utility-scale projects.

How big is the solar photovoltaic market in South Africa?

The South Africa Solar Photovoltaic Market size is estimated at 6.73 gigawatt in 2025, and is expected to reach 11.42 gigawatt by 2030, at a CAGR of 11.17% during the forecast period (2025-2030). South Africa's energy landscape is undergoing a significant transformation as the country grapples with its heavy reliance on coal-based power generation.

Why should you choose REC Solar panels in South Africa?

Being committed to sustainable business practices, REC Solar panels are an optimal choice for those seeking environmental-friendly energy solutions in South Africa. With over 60 years of experience in the solar industry, Sharp Solar is one of the oldest and most trusted solar companies in the world.

Where are Suntech Solar panels made?

With its headquarters in Wuxi, China, Suntech has its sales areas spread over more than 80 countries, including South Africa, making it a key player in the solar manufacturers in South Africa list. Suntech offers a variety of solar panels with different capacities and efficiency rates to suit a range of customer needs.

Why should you buy solar panels in South Africa?

Another significant certification is the South African Bureau of Standards (SABS) mark. This certification means that the product meets the standards of safety, quality, and efficiency set out by the South African government. It's recommended to purchase solar panels with this mark as it indicates a trusted and high-quality product.

Who makes artsolar solar panels in South Africa?

Founded in 2010 and based in Durban, ARTsolar is South Africa's only locally owned solar panel manufacturer. The company produces high-quality photovoltaic (PV) modules and has a production capacity of up to 250 MW per year. ARTsolar's panels are internationally and locally certified, catering to both residential and commercial markets. 2.
