

Lithium battery pack 220

Overview

Where can I buy lithium-ion battery products?

Lithium-Ion Battery Products - Battery Packs are in stock at Digikey. Order Now! Lithium-Ion Battery Products ship same day.

What is a lithium ion battery?

Lithium-ion batteries are a relatively newer technology that offer intelligence, communication, higher energy density and longer life, while eliminating the need for service and maintenance like watering and following complicated charging processes.

Can the bp220 charge and discharge at the same time?

To quickly charge the battery, we recommend to charge it while it is not in use. The BP220 is specially designed to be able to charge and discharge at same time. However, since each lithium battery has limited charge/discharge cycles (around 500 cycles), it is not recommend to use the battery when AC power is available.

Are lithium batteries safe?

Yes, lithium-ion batteries are very safe when properly designed, manufactured, and when used as intended. Are there any special requirements or certifications needed to handle lithium batteries?

Yes, lithium batteries should ship in accordance with UN38.3 and hazmat guidelines. How do I return a battery?

.

How long does a bp220 battery last?

BP220 Technical Info. This super-high capacity (223 Watt-hour, or 60300mAh) external universal rechargeable battery pack can add an extra 9-15 hours of

running time for most laptop/notebook computers, 20-40 hours for most ultrabooks/tablets, and 80 hours for iPads.

How do I charge my bp220 battery?

Both the AC charger and the 12V car charger need to connect to the In-port of the battery pack. To quickly charge the battery, we recommend to charge it while it is not in use. The BP220 is specially designed to be able to charge and discharge at same time.
