

Mozambique energy storage project has subsidies

Overview

Financed by a \$100 million grant from the World Bank's International Development Association and supplemented by an additional \$31 million from the Mozambique Energy for All Multi-Donor Trust Fund—comprising \$13 million from the Government of Sweden and \$18 million from the Government of Norway—the project aims to transform the lives of households, businesses, and health and education facilities across urban, peri-urban, rural, and deep rural areas. How has Mozambique improved electricity access?

The recently completed Mozambique Energy for All Project, along with the ongoing Sustainable Energy and Broadband Access in Rural Mozambique Project, have significantly contributed to expanding electricity access. To date, these projects have enabled over 2.6 million Mozambicans to connect to the national grid. ASCENT will build on these efforts.
