

# **Saudi Arabia Outdoor Power Company**

## Overview

---

Founded in 1955, Al-Babtain has been active in the area of outdoor lighting, transmission & distribution, telecommunications, and renewable energy. Al-Babtain has expanded and diversified over the decades leaving a remarkable footprint in more than 85 countries. Who are the major players in the Saudi Arabia power market?

**Key Players and Their Characteristics:** The major players in the Saudi Arabia power market include MARAFIQ Power and Water Utility Company for Jubail and Yanbu (MARAFIQ), ACWA Power Co, Saudi Electricity Company (SEC) SJSC, Arabian Electrical Transmission Line Construction Company (AETCON), and Nour Energy (ASTRA Group).

Who is Saudi Aramco Power Company?

Saudi Aramco Power Company (also known as SAPCO or Aramco Power), is a fully-owned subsidiary of Aramco, established in 2014 with the objective of consolidating all of Aramco's conventional and renewable power investment under this entity, and of offering electrical energy and power trading services to Aramco joint ventures and external customers.

Who is power electronics manufacturing in Saudi Arabia?

We are pioneers of the power electronics manufacturing industry in Saudi Arabia. At the heart of the third industrial area of Dammam, our manufacturing unit is embellished with industry-specific experts to create exceptional products that ensure power security and continuity for business across the globe.

What is Saudi Arabia's power market like?

**Fragmented Market Dominated by Diverse Players:** The Saudi Arabia power market is characterized by a high degree of fragmentation, with a mix of both local and international companies vying for market share. The market is dominated by a variety of players, including large conglomerates and specialized energy companies.

What makes Saudi Arabia a great country?

The principal electricity provider in Saudi Arabia, responsible for generating, transmitting, and distributing electricity. Extensive national grid infrastructure, major player in the domestic power sector. Nationwide reach, significant infrastructure investments. Investing in smart grid technologies, diversifying energy mix with renewables.

How will Saudi Arabia's Amaala off-grid project work?

In line with the goals of Saudi Arabia's "Vision 2030" and the "Belt and Road" initiative, the AMAALA off-grid project will supply continuous green electricity to local desalination and wastewater treatment plants.
